## COMPANY PROFILE

Primus is one of the world's major manufacturers of commercial laundry equipment. Since our creation in 1911, we have built up nearly a century of expertise in developing a complete range of washer-extractors, dryers and ironers.

We manufacture all our products under one roof in our state-of-the-art plant in the Czech Republic. We relocated the plant over 15 years ago in order to remain competitive in the world market without compromising on quality. Because our plant is vertically integrated, we can control the quality of our products throughout the entire production process.

## WE CARE ABOUT QUALITY

### SOLUTIONS THROUGH INNOVATION

[www.primuslaundry.com](http://www.primuslaundry.com)
